Some of the questions in this questionnaire allow for a quick answer, simply by deleting **Yes** or **No** as appropriate, but others require more detailed answers.

1	What is the size of the resident population that your organisation serves?					
	Response: 800,000 people					
1.1	What percentage of the resident population in the area that your organisation serves are non-native English speakers?					
	Response:					
	non-native Englis	sh spe	eakers. This includ	of the population of E les people who use Bri		
1.2	Language. This may be an underestimate. Does your organisation predict that the number of non-native English speakers living in the area that you serve will increase, reduce or stay the same in the next 5 years?					
	Response: We predict there may be an increase, as this has been the trend over previous decades.					
2	Does your organisation hire any professional written translation or spoken interpreting services to aid communication with people who may have difficulties understanding English? Response: Yes					
2.1	-					
	type of material do you use these services? (E.g., do you hire professional translation services to translate website content, correspondence, legal documents? Do you hire interpreting services for meetings, interviews, anything else?)

	(Please specify by whom, in which context, using which tools, and the reason of use.)				
	Response: Not applicable.				
4	Does your organisation follow a formal policy approving, prohibiting or regulating the use of machine translation tools in your organisation?				
	Response: Yes, we have an Interpreting and Translation policy.				
4.1	If your organisation follows a formal policy for the use of machine translation, can you attach a copy of such policy to your response and/or provide a link to where it can be accessed?				
	Response: See attached.				
5	Has your organisation carried out a risk assessment of possible consequences, for your organisation and/or for the people the organisation serves, from the use of machine translation?				
	Response: Yes				
5.1	If your organisation has carried out a risk assessment of the use of machine translation, please can you specify the risks your organisation identified?				
	Response: Risk that the translation will not be accurate, which could lead in incorrect clinical advice or directions.				
6	Do you have an established line of accountability in the event of negative outcomes that may arise from the use of machine translation?				
	(E.g., an incident caused by misinformation in an important document, or by miscommunication between staff and member of the public using a phone app.)				
	Response: No, because our policy does not permit this.				
6.1	If you have an established line of accountability, can you explain how this guides response procedures to a possible negative outcome from the use of machine translation?				
	Response: Not applicable.				
7	Is any training provided on the use of machine translation in your organisation?				
	Response: No.				
7.1	If training is provided on the use of machine translation in your organisation, can you please provide an overview of the training offered? Response: Not applicable.				
~					
8	Does your organisation have any other procedures in place to adjust your communication strategy for people who may have difficulties understanding English? If so, please explain.				
	Response: Guidance for staff is in the Interpreting and Translation policy.				
9	If we would like to follow up with your organisation for the purpose of further research relating to translation and/or interpreting in your organisation, could you please provide the most suitable email address to contact?				
	Response: karenedmunds@nhs.net
