

**FREEDOM OF INFORMATION REQUEST
RF24-007**

Request:

Please provide the number of procedures performed in 2023 at the Trust for the codes below.

- M09.3 Endoscopic laser fragmentation of calculus of kidney
- M09.4 Endoscopic extraction of calculus of kidney NEC
Includes: Percutaneous nephrolithotomy NEC
- M27.1 Ureteroscopic laser fragmentation of calculus of ureter
- M27.2 Ureteroscopic fragmentation of calculus of ureter NEC
- M27.3 Ureteroscopic extraction of calculus of ureter
- M27.4 Ureteroscopic insertion of ureteric stent
- M65.4 Endoscopic resection of prostate using laser

As well as Q181, Q188 and Q189 (Gynaecology)

Please provide broken down for each of the Trusts five hospitals.

Response:

We can confirm East Kent Hospitals University NHS Foundation Trust (EKHUFT) holds the information you have requested.

Please note:

1. 'Private Hospital' contains only NHS patients treated for the above procedures.
2. Royal Victoria Folkestone hospital is not included as none of the above procedures were performed at that site.

WHH: William Harvey Ashford Hospital
 QEQM: Queen Elizabeth the Queen Mother Margate
 K&C: Kent and Canterbury Hospital
 BHD: Buckland Hospital Dover
